# Annuals Spring 2020

*Any 4 inch annuals can be combined into custom planters for businesses,  
home entry ways, patios or any spot that needs a little flower power!*

*30% deposit due in January - Nonrefundable.*

Angelonia, Angelface Cascade Blue

Available in 4 in pots

Full Sun, Height: 8-14" Spread: 12-30"

A semi-trailing cultivar of the outstanding upright Angelonia in the Angelface variety. Beautiful color and an interesting growth habit make it a perfect choice for containers and hanging baskets.

Angelonia, Angelface Cascade Pink

Available in 4 in pots

Full Sun, Height: 8-14" Spread: 12-30"

A semi-trailing cultivar of the outstanding upright Angelonia in the Angelface variety. Beautiful color and an interesting growth habit make it a perfect choice for containers and hanging baskets.

Angelonia, Angelface Cascade White

Available in 4 in pots

Full Sun, Height: 8-14" Spread: 12-30"

A semi-trailing cultivar of the outstanding upright Angelonia in the Angelface variety. Beautiful color and an interesting growth habit make it a perfect choice for containers and hanging baskets.

Angelonia, Angelface Perfectly Pink

Available in 4 in pots

Full Sun, Height: 18-30" Spread: 12-18"

A hot pink summer snap dragon. This semi-upright annual has grape-scented foliage, heat and drought tolerance. It would be a perfect addition to any combination planter.

Angelonia, Angelface Super Blue

Available in 4 in pots

Full Sun, Height: 30-40" Spread: 12-18"

This summer snap dragon will provide beautiful blooms all summer long. The heat and drought tolerance make this a great annual for any planter.

Angelonia, Angelface Wedgwood Blue

Available in 4 in pots

Full Sun, Height: 18-30" Spread: 12-18"

A lovely lilac summer snap dragon. This semi-upright annual has grape-scented foliage, heat and drought tolerance. It would be a perfect addition to any combination planter.

#### Artemisia Silver Bullet

Available in 4 in pots

Full Sun, Height: 6-10" Spread: 12-30"

This is one of the best fast growing annuals for low water landscapes and containers. A wide spreading variety that forms a beautiful carpet of silvery white, lacy foliage when grown as a low maintenance groundcover in full sun.

#### Begonia Dragon Wing Red

Available in 4 in pots

Part Shade to Shade, Height: 14-18" Spread: 15-18"

What to plant in the shade to make a BIG impact? These Dragon Wing Begonias are the answer. Beautiful deep green foliage and gorgeous impact color in shades of red and pink make this an easy choice for shaded areas.

#### Begonia, Iconia Citrix

Available in 4 in or 6 in pots

Part Shade to Shade, Height: 8-14" Spread: 20-24"

Gorgeous and ceaseless flowering for sun and shade. This is a show-stopping variety that is versatile and very easy to maintain. Perfect for containers and hanging baskets with masses of vibrant blooms against large, dark foliage.

#### Begonia, Iconia Miss Malibu

Available in 4 in or 6 in pots

Part Shade to Shade, Height: 18-14" Spread: 20-24"

Gorgeous and ceaseless flowering for sun and shade. This is a show-stopping variety that is versatile and very easy to maintain. Perfect for containers and hanging baskets with masses of vibrant blooms against large, dark foliage.

#### Bidens Goldilocks Rocks

Available in 4 in

Full Sun, Height: 8-14" Spread: 10-20"

This plant was voted most likely to thrive. Bidens are a great, versatile plant to add a cheerful punch of yellow to any location. Use them to create a beautiful combination or to accent window boxes and hanging baskets.

#### Coleus, ColorBlaze Golden Dreams

Available in 4 in or 6 in pots

Sun to Shade, Height: 24-40" Spread: 18-36"

Colorful chartreuse foliage with red veins will add a pop of color to any sun or shade arrangement. This coleus is heat tolerant but will need a break in afternoon shade.

#### Coleus, Alligator Alley

Available in 4 in or 6 in pots

Sun to Shade, Height: 12-20" Spread: 10-18"

Multicolored foliage is a beautiful addition to any sun or shade planter. Plus it is heat tolerant.

#### Coleus, Main Street Ocean Drive

Available in 4 in or 6 in pots

Sun to Shade, Height: 12-16" Spread: 10-18"

Add some foliage interest with this tricolored coleus.

Perfect for sun or shade and will even tolerate hot summer days.

#### Coleus, Main Street River walk

Available in 4 in or 6 in pots

Sun to Shade, Height: 8-16" Spread: 10-12"

Beautiful bright green foliage is great for landscapes or containers. It is also heat tolerant.

#### Coleus, Stained Glassworks Eruption

Available in 4 in or 6 in pots

Sun to Shade, Height: 20" Spread: 10-18"

Add some foliage interest with this tricolored coleus.

Perfect for sun or shade and will even tolerate hot summer days.

#### Coleus, ColorBlaze Strawberry Drop

Available in 4 in

Sun to Shade, Height: 14-20" Spread: 18-24"

This tie dye colored trailing coleus is a heat tolerant and low maintenance addition to hanging baskets, planters or even used as a house plant.

#### Coleus, Velvet

Available in 4 in or 6 in pots

Sun to Shade, Height: 12-18" Spread: 10-18"

This beautiful bright green foliage with dark edges is great for landscapes or containers. It is also heat tolerant.

#### Dichondra, Silver Falls

Available in 4 in

Part Sun to Sun, Height: 2-6" Spread: 18-36"

The perfect spiller for hanging baskets or planters. Silver Falls is a vigorous, fan-shaped foliage that is heat and drought tolerant.

#### Euphorbia, Diamond 'Frost'

Available in 4 in

Part Sun to Sun, Height: 12-18" Spread: 12-18"

Euphorbia will provide clouds of airy white flowers all season long. No deadheading necessary, heat and drought tolerant.

#### Euphorbia, Diamond 'Mountain'

Available in 4 in or 6 in pots

Part Sun to Sun, Height: 24-36" Spread: 24-36"

A larger variety of euphorbia to add extra impact in your garden. No deadheading necessary, heat and drought tolerant.

#### Evolvulus, 'Blue My Mind'

Available in 4 in pots

Sun, Height: 6-12" Spread: 12-24"

This dwarf morning glory with true blue flowers and fuzzy foliage is a winner for any hot weather climate. Perfect in a container or as a ground cover.

#### Geranium, Calliope Dark Red

Available in 8 in or 12 in pots

Sun to Part Sun, Height: 10-12" Spread: 12-20"

We love this heat and drought tolerant annual. The deep red blooms look beautiful on lively green foliage. These flowers will last all season long with continuous blooms.

#### Geranium, Calliope Hot Rose

Available in 8 in or 12 in pots

Sun to Part Sun, Height: 10-12" Spread: 12-20"

Bright pink blooms on green foliage makes this a beautiful geranium in any container or landscape. Their heat and drought tolerance will keep their blooms all season long.

Geranium, Calliope Orange Splash

Available in 8 in or 12 in pots

Sun to Part Sun, Height: 14-16" Spread: 20-24"

Vivid orange flowers will add a pop of color to any container or landscape. These flowers will last all season long with their heat and drought tolerance.

Geranium, Calliope Rose Mega Splash

Available in 8 in or 12 in pots

Sun, Height: 14-16" Spread: 20-24"

Intense pink flowers have maximum flower power! These blooms will last all summer long with their heat and drought tolerance.

Geranium, Patriot Bright Red

Available in 8 in or 12 in pots

Sun to Part Sun, Height: 14-18" Spread: 20-24"

Bold balls of bright red blooms stand tall on green foliage. This annual is perfect for containers or garden beds. The flowers will last all season long with heat and drought tolerance.

Heliotrope 'Fragrant Delight'

Available in 4 in pots

Sun to Part Shade, Height: 24" Spread: 12"

Bring all the pollinators to your garden with this sweet smelling bloom that lasts all season. Hummingbirds and butterflies love this annual.

Impatiens, Rockapulco 'Coral Reef'

Available in 4 in pots

Part Shade to Shade, Height: 10-20" Spread: 12-24"

Bright green foliage around rose bud shaped blooms will add color to any shaded area. This bloom will last from spring to first frost.

Impatiens, Rockapulco 'Orange'

Available in 4 in pots

Part Shade to Shade, Height: 10-20" Spread: 12-24"

This shade loving plant will provide continuous blooms from spring to fall. The orange flowers will give any planter a tropical feel.

#### Impatiens, Rockapulco 'White'

Available in 4 in pots

Part Shade to Shade , Height: 10-20" Spread: 12-24"

This impatien will fill in any shaded space with bountiful white blooms. Mix with other color impatiens for a wild colorful planter.

#### Lantana, Havana 'Cherry'

Available in 4 in or 6 in pots

Sun, Height: 8-12" Spread: 10-12"

A favorite to attract birds, butterflies and hummingbirds. This heat and drought tolerant annual will be here all summer long and look beautiful.

#### Lantana, Havana 'Full Moon'

Available in 4 in or 6 in pots

Sun, Height: 15" Spread: 25"

A sweet and simple lantana to attract butterflies and hummingbirds. Heat and drought tolerant.

#### Lantana, Havana 'Pink Sky'

Available in 4 in or 6 in pots

Sun, Height: 8- 12" Spread: 10-12"

Another pollinator favorite. The fragrant foliage will attract butterflies, birds and hummingbirds.

#### Lantana, Havana 'Sunset'

Available in 4 in or 6 in pots

Sun, Height: 8-12" Spread: 10-12"

A favorite to attract birds, butterflies and hummingbirds. This heat and drought tolerant annual will be here all summer long and look beautiful.

#### Lantana, Havana 'Sunshine'

Available in 4 in or 6 in pots

Sun, Height: 13" Spread: 26"

A sweet and simple lantana to attract butterflies and hummingbirds. Heat and drought tolerant.

Lobularia, 'YOLO Top Pink'

Available in 4 in pots

Sun, Height: 4-6" Spread: 12-14"

This sweet alyssum has masses of fragrant pink blooms that last well into fall. Butterflies and bees love to stop by this sweet annual.

Lobularia, 'YOLO Top Purple'

Available in 4 in pots

Sun, Height: 4-6" Spread: 12-16"

Beautiful little purple flowers on sweet alyssum will attract all sorts of pollinators to your planters.

Lobularia, 'YOLO Top White'

Available in 4 in pots

Sun, Height: 4-6" Spread: 12-16"

This sweet alyssum has masses of fragrant blooms that last well into fall. Butterflies and bees love to stop by this lovely annual.

Lysimachia, 'Creeping Jenny'

Available in 4 in pots

Sun, Height: 2-4" Spread: 12-18"

Shiny golden foliage brightens up any garden or container. This spilling foliage will make a great addition to any combination.

Pentas, Sunstar Lavendar

Available in 4 in pots

Sun, Height: 18-22" Spread: 16-24"

These large clusters of hot pink flowers on dark green foliage make a great summer bloom. The heat tolerance and long-lasting flowers are great for any gardener.

Available in 4 in pots

Sun, Height: 18-22" Spread: 16-24"

These large clusters of pale pink flowers on dark green foliage make a great summer bloom. The heat tolerance and long-lasting flowers are great for any gardener.

#### Pentas, Sunstar Red

Available in 4 in pots

Sun, Height: 18-22" Spread: 16-24"

These large clusters of coral red flowers on dark green foliage make a great summer bloom. The heat tolerance and long lasting flowers are great for any gardener.

#### Persian Shield

Available in 4 in or 6 in pots

Sun to Shade, Height: 18-36" Spread: 18-24"

Iridescent leaves of purple, green and silver add colorful foliage for filling in amazing planters. This sun loving plant will tolerate hot and dry summers.

#### Plectranthus 'Mona Lavendar'

Available in 4 in or 6 in pots

Part Shade, Height: 12-24" Spread: 12-24"

Also called Swedish Ivy, this is a beautiful addition to any landscape or container. The tall lavender blooms and dark green foliage will last from spring to fall.

#### Portulaca, Mojave Fuchsia

Available in 4 in pots

Sun, Height: 4-6" Spread: 12-16"

Vibrant pink flowers on light green foliage will spill out of planters. This long blooming annual will handle heat, drought and humidity.

#### Portulaca, Mojave Red

Available in 4 in pots

Sun, Height: 4-8" Spread: 12-16"

Red hot flowers on light green foliage will spill out of planters. This long blooming annual will handle heat, drought and humidity.

#### Portulaca, Mojave Tangerine

Available in 4 in pots

Sun, Height: 4-8" Spread: 12-16"

Beautiful orange flowers on light green foliage will spill out of planters. This long blooming annual will handle heat, drought and humidity.

#### Portulaca, Mojave Yellow

Available in 4 in pots

Sun, Height: 4-8" Spread: 12-16"

Neon yellow flowers on light green foliage will spill out of planters. This long blooming annual will handle heat, drought and humidity.

#### Salvia, Rockin' Blue Suede Shoes

Available in 4 in or 6 in pots

Sun, Height: 30-40" Spread: 24-30"

Add this perfect plant to your pollinator garden to bring bees, butterflies and hummingbirds home. Light blue flowers on dark stems with thick green foliage are wild long blooming annual. Deer resistant.

#### Salvia, Rockin' Deep Purple

Available in 4 in or 6 in pots

Sun, Height: 30-40" Spread: 24-30"

Pollinators adore this plant. The large purple blooms attract bees, butterflies and hummingbirds. Well-loved for its heat tolerance and deer resistance.

#### Salvia, Rockin' Fuchsia

Available in 4 in or 6 in pots

Sun, Height: 24-36" Spread: 24-30"

Pollinators adore this plant. The large pink blooms attract bees, butterflies and hummingbirds. Well-loved for its heat tolerance and deer resistance.

#### Scaevola, Whirlwind Blue

Available in 4 in pots

Sun, Height: 8-14" Spread: 18-24"

Also called Fan Flower, Scaevola is a beautiful long blooming annual to attract bees to your garden. It is also heat and drought tolerant.

#### Scaevola, Whirlwind Pink

Available in 4 in pots

Sun, Height: 8-14" Spread: 18-24"

Also called Fan Flower, Scaevola is a beautiful long blooming annual to attract bees to your garden. It is also heat and drought tolerant.

### Scaevola, Whirlwind White

Available in 4 in pots

Sun, Height: 8-14" Spread: 18-24"

This low maintenance fan flower will spill out of your planters all season long. It is also great for attracting bees!

### Sedum, Lemon Coral

Available in 4 in pots

Sun to Part Sun, Height: 3-10" Spread: 10-14"

The heat-loving spikey green foliage is great in garden beds and planters. It can tolerate dry soil, but average moisture will keep it looking fresh. If you're lucky you might see some beautiful blooms!

### Superbells, Aloha Kona Pineapple

Available in 4 in pots

Sun to Part Sun, Height: 8" Spread: 10"

A calibrachoa, with bright yellow petals and orange centers, to add to combination pots or a show stopper on its own. This bloom will last all season but needs well drained soil. Heat tolerant and low maintenance.

### Superbells, Blue Moon Punch

Available in 4 in pots

Sun to Part Sun, Height: 6-12" Spread: 12-24"

A sweet purple and lavender calibrachoa to last all summer long. This heat tolerant flower needs well drained soil but will bring hummingbirds straight to your garden.

### Superbells, Dreamsicle

Available in 4 in pots

Sun to Part Sun, Height: 6-12" Spread: 12-24"

Bright orange petunia-like blooms in light green foliage will be a perfect addition for combination pots all season. A hummingbirds favorite flower!

### Superbells, Lemon Slice

Available in 4 in pots

Sun to Part Sun, Height: 6-12" Spread: 12-24"

The pinwheel pattern of sunny yellow and white is so unique and striking. Calibrachoa is a long blooming flower with a tolerance to heat. Provide well drained soil for fresher flowers.

### Superbells, Pomegranate Punch

Available in 4 in pots

Sun to Part Sun, Height: 6-12" Spread: 12-24"

Velvety red flowers with a black center for interest. These long lasting blooms will withstand the summer heat. Use well drained soil for healthier plants.

### Superbells, Red

Available in 4 in pots

Sun to Part Sun, Height: 6-12" Spread: 12-24"

An annual with abundant, small petunia-like flowers will last all summer long with very little maintenance. Well drained soil will make for more and more blooms.

### Superbells, Rising Star

Available in 4 in pots

Sun to Part Sun, Height: 6-12" Spread: 12-24"

Add a pop of color to your garden with these hot pink flowers with bright yellow centers. This heat tolerant annual will keep going all summer long. The perfect centerpiece for any planter or hanging basket.

### Superbells, Tropical Sunrise

Available in 4 in pots

Sun to Part Sun, Height: 6-12" Spread: 12-24"

Streaks of peach and coral paint each petal from spring to fall. Heat tolerance and low-maintenance. The cascading blooms are great in hanging baskets and combination pots.

### Superbells, White

Available in 4 in pots

Sun to Part Sun, Height: 6-10" Spread: 12-18"

This compact calibracoa is perfect for smaller planters or filling out larger planters. The foliage is almost completely covered by abundant white blooms!

### Superbena, Raspberry

Available in 4 in pots

Sun to Part Sun, Height: 6-12" Spread: 18-30"

This beautiful verbena is great for the fronts of landscape beds and spillers in combination pots. The huge blooms will bring the butterflies but be advised, use large pots!

### Superbena, Red

Available in 4 in pots

Sun to Part Sun, Height: 6-12" Spread: 18-30"

Superbena grow vigorously and have a trailing habit. Their large blooms are perfect for container gardening or landscapes. They are heat and drought tolerant with long-lasting flowers.

### Superbena, Royale 'Peachy Keen'

Available in 4 in pots

Sun to Part Sun, Height: 6-12" Spread: 18-24"

Superbena grow vigorously and have a trailing habit. Their large blooms are perfect for container gardening or landscapes. They are heat and drought tolerant with long-lasting flowers.

### Superbena, Royale 'Plum Wine'

Available in 4 in pots

Sun to Part Sun, Height: 6-12" Spread: 18-24"

Superbena grow vigorously and have a trailing habit. Their large blooms are perfect for container gardening or landscapes. They are heat and drought tolerant with long-lasting flowers.

### Superbena, Royale 'Romance'

Available in 4 in pots

Sun to Part Sun, Height: 6-12" Spread: 18-24"

Use this verbena as a thriller or a spiller in your container gardens. Superbena grow vigorously and have a trailing habit. They are heat and drought tolerant with long-lasting flowers.

### Superbena, Sparkling 'Amethyst'

Available in 4 in pots

Sun to Part Sun, Height: 6-12" Spread: 18-30"

Use this verbena as a thriller or a spiller in your container gardens. Superbena grow vigorously and have a trailing habit. They are heat and drought tolerant with long-lasting flowers.

### Superbena, Sparkling 'Rosé'

Available in 4 in pots

Sun to Part Sun, Height: 6-12" Spread: 18-30"

Use this verbena as a thriller or a spiller in your container gardens. Superbena grow vigorously and have a trailing habit. They are heat and drought tolerant with long-lasting flowers.

### Superbena, Whiteout

Available in 4 in pots

Sun to Part Sun, Height: 6-12" Spread: 18-30"

This beautiful verbena is great for the fronts of landscape beds and spillers in combination planters. The white huge blooms will add a neutral color to arrangements and bring the butterflies. But be advised, use large pots!

### Supertunia, 'Amore Queen of Hearts'

Available in 4 in pots

Sun, Height: 10-12" Spread: 10-12"

Add sweet hearts to your garden with this amazing petunia. The pink on petals actually takes on the shape of hearts. A perfect filler or spiller for combination pots. The blooms will last into fall with plenty of water.

### Supertunia, 'Black Satin'

Available in 4 in pots

Sun, Height: 6-12" Spread: 18-24"

What a unique color! These black satin petunias truly look like they were sewn from velvet. Add interest with this neutral color in a combination pot with a rainbow of color. Deadheading not necessary.

### Supertunia, Bordeaux

Available in 4 in pots

Sun, Height: 6-12" Spread: 18-24"

This vigorous petunia can be used as a filler or a spiller with a slightly mounded habit. With drought and heat tolerance, beautifully speckled flowers will last all season long. Deadheading not necessary!

### Supertunia, Honey

Available in 4 in pots

Sun to Part Sun, Height: 6-12" Spread: 18-24"

Add a tropical feel with these enormous yellow and orange tinted flowers. They have a mounded habit with a tendency to trail. The flowers will last all season long. Deadheading not necessary!

### Supertunia, Latte

Available in 4 in pots

Sun to Part Sun, Height: 6-12" Spread: 18-24"

White blooms with dark brown veins create an interesting neutral for hanging baskets and landscaping. A slightly mounded habit with some trailing makes for a great filler or spiller. Deadheading not necessary!

#### Supertunia, Limoncello

Available in 4 in pots

Sun to Part Sun, Height: 6-12" Spread: 18-24"

This vigorously growing petunia with a mounding habit would make a great filler or spiller in any planter. Heat and drought tolerance will help you keep blooms all season. Deadheading not necessary!

#### Supertunia, Lovie Dovie

Available in 4 in pots

Sun, Height: 6-12" Spread: 18-24"

Another perfect petunia! This multicolored bloom is a showstopper. The mounding and trailing habit of this petunia would be great as a filler or a spiller. Deadheading not necessary!

#### Supertunia, Picasso in Purple

Available in 4 in pots

Sun, Height: 6-12" Spread: 18-24"

This unique supertunia features bicolor purple flowers with green edges. These colors mix well in combination pots. This petunia is a strong grower with blooms lasting all season. Deadheading not necessary!

#### Supertunia, Raspberry Rush

Available in 4 in pots

Sun, Height: 6-12" Spread: 18-24"

Bright pink blooms with white streaks will last all season long. Their heat and drought tolerance make them an instant favorite. Add to any combination pot as a filler or a spiller. Deadheading not necessary!

#### Supertunia, Royal Velvet

Available in 4 in pots

Sun to Part Sun, Height: 6-12" Spread: 18-24"

This bestseller is a fit for a queen. The royal purple blooms last all season with their heat and drought tolerance. They have the added bonus of attracting butterflies and hummingbirds. Deadheading not necessary!

#### Supertunia, Blue Skies

Available in 4 in pots

Sun to Part Sun, Height: 6-12" Spread: 18-24"

This beautiful pale purple petunia can be used as a filler or a spiller in pots or landscaping. With its heat and drought tolerance, you will have blooms all season long. Deadheading not necessary!

#### Supertunia, Vista Bubblegum

Available in 4 in pots

Sun to Part Sun, Height: 12-24" Spread: 24-36"

Frisella Favorite! This huge petunia can reach new heights in large containers or in your landscaping. The heat and drought tolerance will keep bright pink blooms all season. Deadheading not necessary!

#### Supertunia, Vista Paradise

Available in 4 in pots

Sun, Height: 12-24" Spread: 24-36"

This huge petunia can reach new heights in large containers or in your landscaping. The heat and drought tolerance will keep hot pink blooms all season. Deadheading not necessary!
